About this guide

This guide shows you how to use Third State Café HR on your phone. The pictures show sample data, so names and numbers are only examples. All times in the app are Dubai time.

1. What you can do

Third State Café HR is a website for your work. You open it on your phone at **hr.thirdstate.ae**. With it you can:

- see **your shifts** for today and the next days
- **clock in** when you start work and **clock out** when you finish
- see your **leave balance** and **ask for leave**
- check your **documents** (passport, visa, Emirates ID and more) and **upload a renewal**
- see and **download your payslips**
- check your **profile** and **ask for a change** to your phone, email or emergency contact
- read your **notifications**

Only your own information

You only see your own shifts, leave, documents and payslips. Nobody else can see your payslip in the app except the owner and the entity admin who run payroll.

2. Signing in

1. Open your phone's internet browser (Safari or Chrome).
2. Go to **hr.thirdstate.ae**.
3. Type your **Work email** and your **Password**. Tap **Show** to check the password.
4. Tap **Sign in**.

Your first sign-in

There is no sign-up. Your manager will send you an **invitation email** to set your password. If you forget your password, ask your manager to reset it.

Sign-in screen

Tip: put the app on your home screen

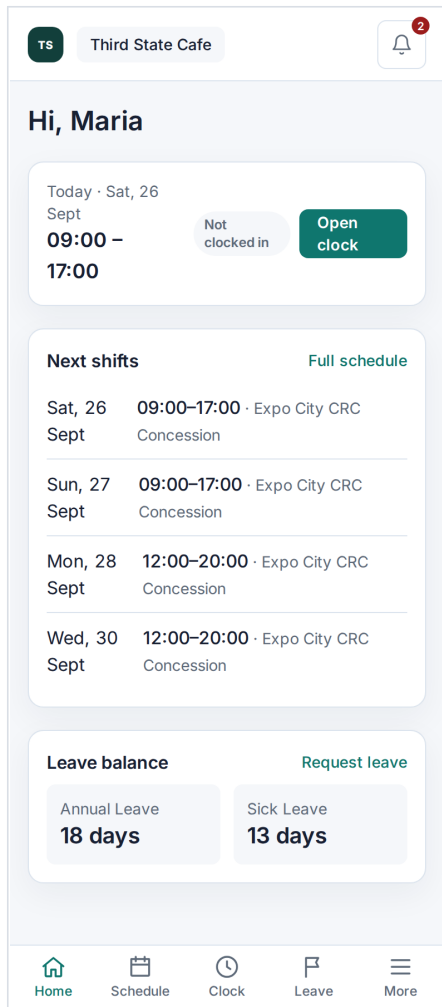

Then you can open it with one tap, like an app.

- **iPhone (Safari):** open hr.thirdstate.ae, tap the **Share** button, then tap **Add to Home Screen**.
- **Android (Chrome):** open hr.thirdstate.ae, tap the **menu** (three dots), then tap **Add to Home screen**.

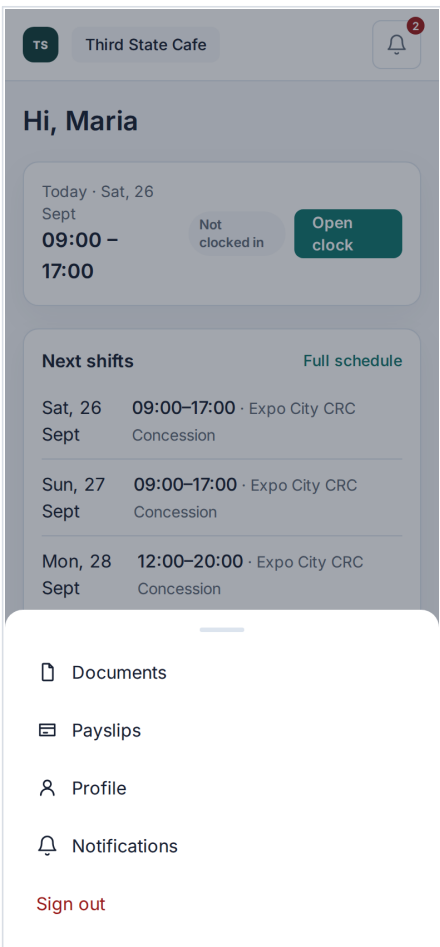

3. Home and the menu

- **Next shifts** – your next shifts. Tap **Full schedule** to see more.
- **Leave balance** – how many days you have. Tap **Request leave** to ask for leave.
- The **bell** at the top shows new notifications.

4. Clock in and clock out

1. Tap **Clock** in the bottom menu. You see today's shift.
2. When you start work, tap **Clock in one time**.
3. Wait for the green message “**Clocked in at ... Saved.**” Now the status says **Clocked in**.
4. When you finish work, tap **Clock out** one time and wait for the message again.

Before: tap Clock in

After: “Saved” and the Clock out button

Tap only once

If you tap two times, the app still saves only one clock-in. Under **My last 30 days** you can check your times.

Forgot to clock in or out?

Tell your manager. Only a manager can correct your time, and they must write a reason. You can see the reason.

5. Your schedule

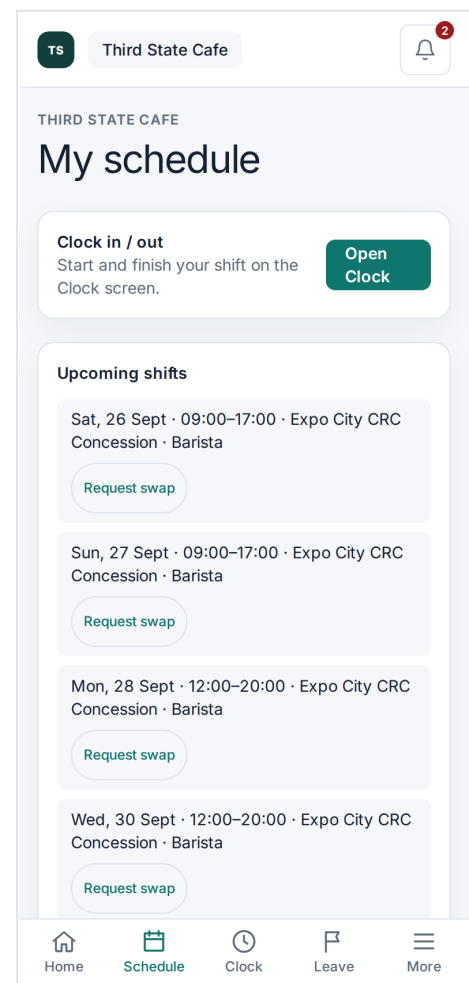

1. Tap **Schedule** in the bottom menu.
2. Under **Upcoming shifts** you see the date, time, branch and your role.
3. Tap **Open Clock** to go to the Clock screen.

Need to change a shift?

1. Tap **Request swap** on the shift.
2. A colleague can take the shift.
3. Your manager must approve the swap.

Don't see a new shift?

You only see a shift after your manager **publishes** the schedule. You get a notification when new shifts are ready. If a shift is missing, ask your manager.

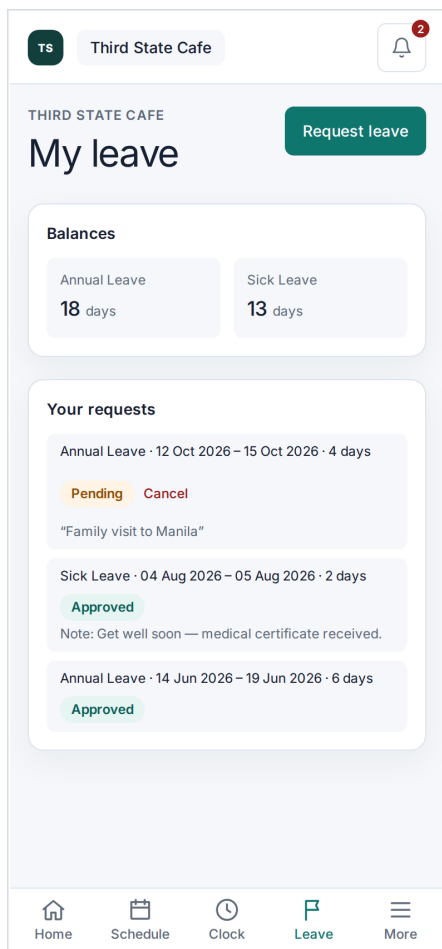

My schedule

6. Leave

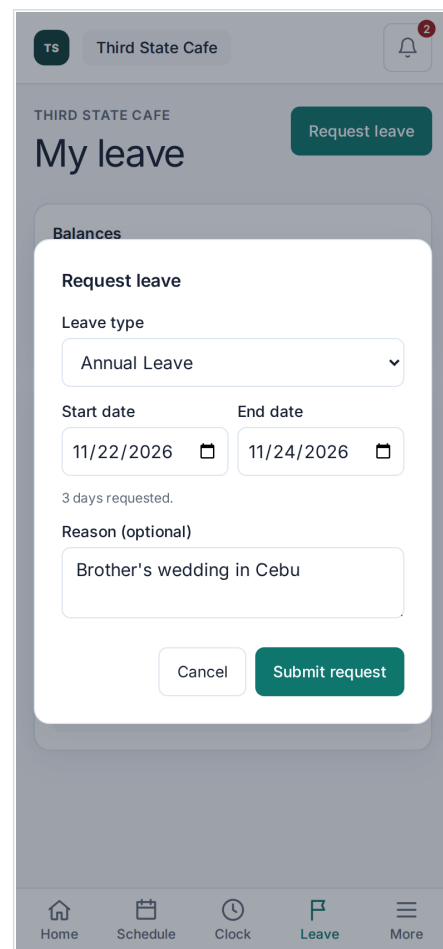

Tap **Leave** in the bottom menu. At the top you see your **Balances** (for example Annual Leave and Sick Leave). Below are **Your requests** with their status.

Ask for leave

1. Tap **Request leave**.
2. Choose the **Leave type**.
3. Choose the **Start date** and **End date**. The app shows how many days you ask for.
4. Write a reason if you want (it is optional).
5. Tap **Submit request**. The status is **Pending** until your manager decides.

Balances and your requests

The Request leave form

Days are held for you

While a request is **Pending**, the days are held from your balance. If your manager says no, or you cancel, you get the days back.

Cancel a request

On a **Pending** request, tap **Cancel**. You get a notification when your manager approves or rejects a request.

7. Documents

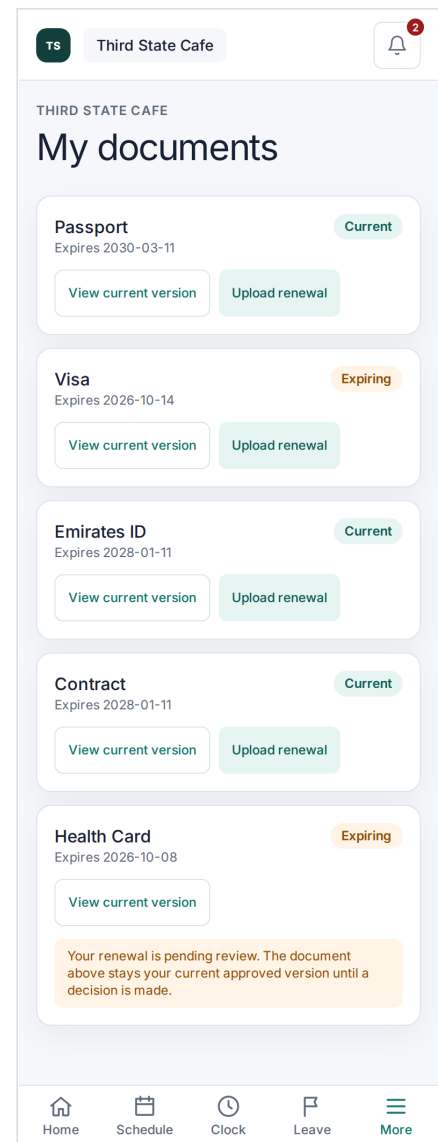

Tap **More** → **Documents**. You see each document with its expiry date and status:

- **Current** – approved and in date.
- **Expiring** – it expires soon. Please renew it.
- A yellow note means your renewal is **waiting for review**.

Tap **View current version** to open a document.

Renew before it expires

The app starts to remind you **30 days before** a document expires. Your passport, visa, Emirates ID and contract must stay in date for your work record.

My documents

Upload a renewal

1. Tap **Upload renewal** on the document.
2. Enter the **new expiry date**.
3. Tap **Choose File** and pick the photo or PDF of the new document.
4. Add a note if you want.
5. Tap **Submit for review**.

Your old document still counts

Your current version stays active until an admin or manager approves the renewal. You get a notification with the decision.

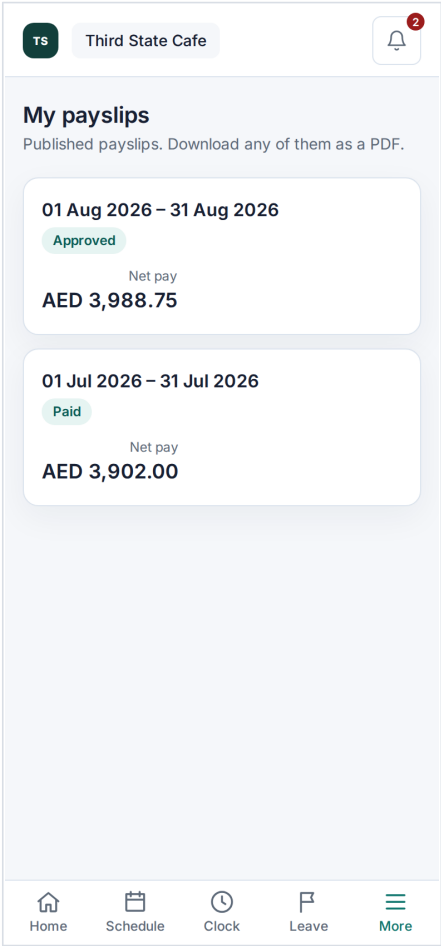

The screenshot shows a mobile app interface for 'Third State Café'. The main screen is titled 'My documents'. A modal form titled 'Upload renewal — Visa' is open. The form includes a message: 'Your current version stays active until an admin or manager approves this renewal.' Below this is a field for 'New expiry date (optional)' with the date '10/13/2028' and a calendar icon. The 'File' section has a 'Choose File' button and the filename 'visa-renewal-2026.pdf'. The 'Notes (optional)' section has a text area with the note 'New residence visa issued 25 Sep 2026'. At the bottom of the form are 'Cancel' and 'Submit for review' buttons. In the background, a document card for 'Health Card' is visible, showing an expiry date of '2028-01-11' and an 'Expiring' status. The bottom navigation bar has icons for Home, Schedule, Clock, Leave, and More.

Upload renewal

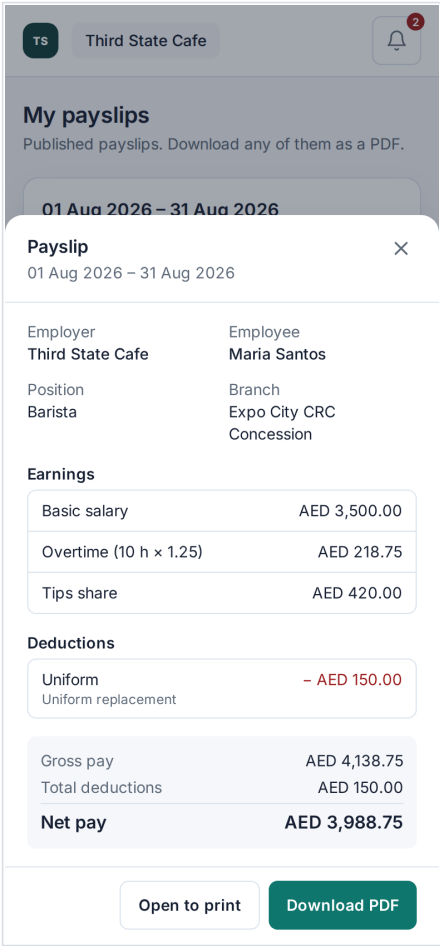

8. Payslips

Tap **More** → **Payslips**. You see each month with its status and your **Net pay**.

1. Tap a month to open the payslip.
2. Check your **Earnings** (basic salary, overtime, tips share), your **Deductions** and your **Net pay**.
3. Tap **Download PDF** to save it, or **Open to print** to print it.

My payslips

Payslip with Download PDF

When does my payslip appear?

You see a payslip only after payroll is **approved**. A payslip never changes after that. If something is wrong, ask your manager; a correction comes as a new payslip.

9. Profile and change requests

Tap **More** → **Profile**. You see your job, branch, join date and contact details.

To change your phone, email or emergency contact:

1. Tap **Request change** next to the detail.
2. Type the new information and send it.
3. Your manager or admin approves it. Then your profile is updated.

You can see your requests under **Change request history**, lower on the page. The Profile page also shows your document expiry dates and your recent shifts.
